

Tutorial Services

Greater Minds Inc. is the brain child of a mother and retired classroom teacher who wants to enrich the academic progress of students by teaching reading and life-long learning strategies to promote academic success.

Our goal is to prepare students for the years beyond tests, high school, and college.

A systematic, rigorous instruction method with incremental assignments will help students master new concepts. Targeted intervention based on grade level TEKS; specific focus on reading comprehension skills. We focus on fact fluency and reinforcement of math problem solving skills.

Students are taught a new skill each day. Every child is expected to master each concept before learning a new skill. This method gives the child confidence to move forward with their learning.

“Greatness is sowing
seeds of Greatness into
others”

That’s My Mission!

The GREAT Coach

@Alfredia Lee

**YOUR KIDS
ARE
ALREADY
GREAT!**

**WE JUST
MAKE THEM
GREATER!**

**Greater Minds, Inc.
Grades K-12**

GREATER Minds, Inc.

Greater Minds Inc., goes far beyond tutoring.

This structured program imparts the critical thinking skills and mindset to learn new materials independently. It helps your child develop a more positive attitude about learning.

Providing Strategies to assist with Critical Thinking

Your child's progress is monitored.

Regardless of their academic level, your child can find a rate of progress that is comfortable to them.

Conquering challenge after challenge builds confidence and puts your child on the path to achievement.

Results

See improvements on report cards, benchmarks and tests.

Continually Reviewing Progress

Fine-Tuning Lesson Plans

Small Group Instruction...

Gives students confidence and a sense of personalized instruction. It also enables the teacher to observe students' behavior and provide additional support while they practice reading and math strategies.

Regular conferences with staff also help gauge progress, goals, and motivation.

Our classroom tutorials, along with your child's instructor and home support, play an important role in ensuring students' academic success.

Professional Instruction

All tutors have a Bachelor's, Associate's Degree and/or a Teaching Certificate or Teaching Intern.
